

CORONAVIRUS UPDATE FOR CLIENTS OF HELLO BABY

We are delighted to announce that from 15th June our services will resume to normal and we are able to offer scans from 6 weeks - post term including 3/4D & HD LIVE

- Until 15th June we will only be able to perform scans between 6-14 weeks (14 weeks and 6 days on the day of your scan) for dating during this scan we are happy to tell you the GENDER of your baby free of charge if this is possible
- We will be limiting the number of people who can accompany you to your appointment to one adult from your household.
- Due to strict government guidelines only the pregnant lady will be permitted in the scan room and the use of mobile phones by the client is not permitted due to the risk of contamination. However, Hello Baby recognises the importance of sharing this experience with a loved one who can come to your scan but not enter the scan room. Therefore we have put a safe system in place in line with PHE Guidance so the person attending the appointment with you can view and share the experience with you remotely from outside the scan room.
- The person viewing remotely is welcome to either record the experience or FaceTime other family members and friends but we ask them to wipe their phone with an antibacterial wipe first then gel their hands
- Only one couple will be allowed in the building at any one time and it is therefore imperative that you adhere to your appointment time.
- Please do not gather outside the Clinic. We will call you to check your eta, if you have not arrived at your scheduled time.
- Upon your arrival you and the person attending with you will be directed to the bathroom and asked to wash your hands and then issued with a face mask, which we would ask you to wear for the duration of your appointment.

**** TO APPLY THE MASK SAFELY ****

- 1 Hold by the white elastic, place over each ear ensuring the blue side is facing the outside and the plastic strip is over the nose
- 2 Pinch & hold the plastic strip over the nose at the same time pull the mask under the chin

****It is VERY IMPORTANT that once the mask is applied that you DO NOT touch it****

(Please see our demo video on our Facebook page which informs you how to apply your mask correctly, before your visit to us).

- Before and after each client's visit all areas of the clinic will be decontaminated as per PHE Guidance.

If you're unable to find an appointment that suits you on our online booking system please call us on 01744 810999 or email reception@hellobaby4dscan.co.uk and we will be more than happy to accommodate your booking request.

We are more than happy to extend our usual opening hours in order to give everybody an appointment as soon as is possible.

Please appreciate that due to our reopening all our staff are extremely busy dealing with the demand and there may be a delay in them replying to your enquiry should you email us, contact us on social media or leave a voice message by phone.

The price for the scan only is

2D	£45 (early dating or gender)
3/4D	£65
HD LIVE	£75

Packages & public sector discount available

We look forward to seeing all our lovely Clients and their beautiful Baby's.

Please stay alert and keep safe

Katie x
